ESTATES

FEATURES & FINISHES

QUALITY CONSTRUCTION

1. Architecturally controlled community designed homes with genuine clay brick, structural precast stone, Hardie Board (or equivalent) siding and trim, decorative moldings and accent features.* House siting and exterior colour packages will be architecturally controlled.
2. Architectural features including raked and/or tooled masonry joints (Vendor's choice), detailed dormers, metal roofs, decorative brackets, decorative columns, finials, shutters, turrets, box bay windows and copulas, as per elevation.
3. Corner lot elevations to receive enhanced details, as per Architectural Control.
4. 2 x 6 exterior stud walls with sheathing.**
5. Engineered roof systems with raised heel trusses.
6. Prefinished aluminum soffits, fascia, frieze, eaves troughs and downspouts, as per elevation.
7. Premium manufacturers shake like profile architectural shingles provide durability, high grade, and tear resistant.
8. Pre-finished seamed metal roofs, as per elevation.*
9. Wood and steel beam construction.
10. 5/8" premium engineered OSB tongue & groove subfloor, nailed, glued & screwed.**
11. 3/8" plywood or 7/16" OSB roof sheathing, Vendor's choice.**
12. Engineered floor joist system for all subfloors, not including landings.
13. Poured concrete basement walls with heavy duty damp proofing, weeping tiles, and exterior drainage membrane.
14. Rear covered concrete loggias with composite columns and concrete steps to grade.*
15. Poured concrete porches and portico's on main entrance.* Precast patterned patio slabs to front door, layout of steps determined by Vendor.** Rear and side door(s), where applicable, to receive precast concrete step(s) where grading does not exceed 6 risers.
16. 10' ceiling height on main floor, 9' ceiling on 2nd floor, loft areas, and basement, except where bulkheads and/or dropped ceilings apply.**
17. Optional door from garage to exterior, grade permitting.*
18. Entry-resistant framing on all perimeter doors (excluding sliding patio doors).
19. Concrete garage floor with reinforced grade beams.
20. Rough-in BBQ gas line to rear of home (appliance not included), location determined by Vendor in the loggia area.
21. Three piece rough-in plumbing in basement.*
22. Two car garage, three car garage, or three car tandem garage, and storage areas, as per plan.
23. Garage interior to be finished with drywall, one coat of tape and primed.
24. Drain water heat recovery unit to be installed in each home.
25. PEX (cross-linked polyethylene) hot and cold-water lines throughout.
26. All homes Grey Water rough-in ready.
27. Front cold cellar with vent and drain.

DOORS AND WINDOWS

28. Premium 8' high insulated main front entry systems, featuring stained wood-grain texture with sidelight(s) and/or transom(s).* Grip set(s) with deadbolt lock on front elevation doors.*
29. All exterior doors, windows and building perforations to be foam insulated and fully caulked.
30. Insulated metal door from garage into house.* Where applicable, and at the Vendor's sole discretion, the main floor at entry door(s) may be dropped a maximum of 2 risers to accommodate the entry door(s); the main floor laundry,

mudroom, office may be dropped a maximum of 3 risers to accommodate entry door(s) into the home from the garage. The Vendor reserves the right to either: substitute the door from the garage to the house with a wall, if grade difference exceeds 3 risers, depending on the house plan and zoning by-law restrictions; or alternatively, in addition to the maximum 3 riser drop in the floor, provide a wood deck in the garage at the door location if required by grade.*

31. Thermopane exterior metal garden door(s), or French door(s).* Screens not included, or upgraded 8' high patio door slider system at loggia, as per plan.*
32. Thermopane Energy Star® qualified coloured vinyl casement windows on all front, side, and rear elevations. Coloured window frames as per the exterior colour packages approved by the Controlling Architect. Muntin bars within the panes of glass, on front elevation only.* Standard basement windows to be Energy Star® qualified white vinyl sliders. All windows, including basement windows, to be double-glazed with low emissive coating, argon filled gas with insulated edge spacer bars for greater energy cost savings. All operable windows have screens. Some decorative windows are fixed glass.
33. Extra-large basement windows, 24" high**. Window wells to be installed to accommodate standard basement window(s) depending on grade, at Vendor's discretion.
34. Extra tall windows to all main floor side and rear windows.*
35. Purchaser's choice of two (2) door styles, smooth finish, decorative-panel interior passage & closet doors throughout, from Vendor's standard samples.*
36. Vendor's choice of pewter finish or brushed satin nickel finish levers and hinges (hinges not painted) throughout.
